

REEL TMR MIXER

AT LAST, A ROBUST MIXER WITH A HEAVY-DUTY REEL THAT PREPARES A REAL BLENDED MIX... VERY QUICKLY WHERE THE FEED IS LIFTED AND TUMBLED INTO THE ROTATING AUGERS.

1 ROTOR + 2 AUGERS = PERFECT TMR MIX!

The gentle rotary action of the TMR Master perfectly mixes all ingredients, even micro-ingredients, without damaging the fibers. The six rugged mixing arms produce a thorough tumbling action, while the rubber wipers ensure complete clean-out of the tub.

The spiralled rotor carries feed into the two high-capacity augers, providing perfect end-to-end mixing in no time.

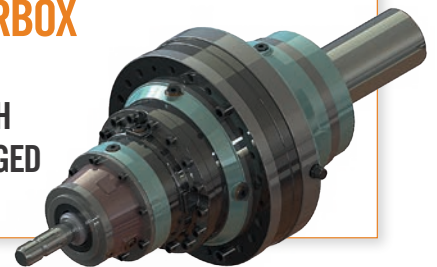

Fast and uniform unloading, thanks to the combination of the 22" diameter unloading auger and the 36" wide door. It all adds up to less fuel consumption!
